BAPTISM BOOKMARKS - "When the children in my Primary class were baptized, I made counted cross-stitch bookmarks with "I Chose the Right" on them with the date of their baptism under the words in small numbers. I would fray the edges of the cross-stitch material and then fuse it to a ribbon (pink or peach for girls; navy or dark green for boys). With the date on the bookmark, it was a constant reminder of their special day." BARBARA, UT
