

BAPTISM PREPARATION/REVIEW

Written by Publisher

BAPTISM PREPARATION/REVIEW - "Near the end of one year, we had just one senior Primary child who had not yet been baptized. I prepared a list of questions about baptism and each class was given one of the questions. They prepared an answer. Meanwhile, the unbaptized child was writing down other things she wanted to know. The unbaptized child was put in a chair at the front of the room, where she read the questions and the classes answered them for her. This was done shortly before her baptism. It helped her to prepare for baptism, and encouraged the others to remember their baptismal covenants. "TERRIE, CALIFORNIA
