LATECOMERS - "We have also had a problem with children coming in late as our primary is also held in the afternoons. We have tried most things. At the moment (and it seems to be working) we close all the doors at 2.00 p.m. and one of the presidency is placed as 'usher' on one door at the back of the room. The 'usher' can then ensure that the latecomers come in quietly and also that they wait outside until the prayer/ scripture or talk is over so as not to disrupt." VICTORIA, UNITED KINGDOM
