

REARRANGE CHAIRS

Written by Publisher

REARRANGE CHAIRS - "Being blessed with an extremely active group of spirits, Sharing and Singing Time were a brutal challenge. Originally, the children were seated in rows and there was a great temptation to play with empty chairs, mess with neighbors, and bounce from seat to seat. By simply organizing the group into a large semi-circle (our primary is small enough to do this without much trouble), the problem evaporated without much more effort. We were amazed at what huge effect just rearranging chairs could have. SUSAN, DIELSDORF, SWITZERLAND
