

CLOSING EXERCISES

Written by Publisher

CLOSING EXERCISES - "We wanted to bring the gospel and Christ into our Primary more and so we have a "Gospel Question" bag. When the children have a question they write it down in class and then it gets put in the bag. Each week the person conducting pulls out a question for her to answer the following week. (This is done in opening and/or closing exercises). We have had some really hard to answer questions and it has been interesting to see what these children wonder about!" BARBARA, IDAHO
