

BULLETIN BOARDS

Written by Publisher

BULLETIN BOARDS - "When it was my turn to do the bulletin board, the theme was choosing the right through prayer. I had originally planned on using existing pictures of children praying. I wanted to make it more personal and decided to take pictures of the children in our Primary pretending to pray, then I took the photos to the copy shop and had them enlarged and copied with a color copy. I didn't tell the children what I had planned and they were very pleased to see themselves on the board! It was cheery and a neat way to show off our beautiful Primary children!"
