what the Activity is or Theme for Achievement Days. Because it's possible for me to do this, I also offer a ride to and from the Activities. A few times during the year I try to send a note, drop off balloons, telephone just to chat etc... It makes the children feel special...after all, aren't they??? If possible, I ask one of the active children who knows the child to call and invite them. No luck yet but, I will never stop trying!!!"
