

ORGANIZATION ACTIVITY

Written by Publisher

ORGANIZATION ACTIVITY - This is a good one for the beginning of the year. (Making a memory board as shown above is good for this night too.) Use contact paper to cover a cleaned tin can to make a pencil holder. To do a matching pencil just cover it in the same contact paper. Each of the children receives a folder with plastic sheet covers to keep a list of scheduled activities. They can also include in the folder any handouts, telephone numbers, Faith in God booklet, etc. Discuss scheduling and remembering appointments. Discuss how to be organized by grouping like objects together into baskets, boxes, file folders, etc. Another idea would be to have each child bring a box and decorate it to hold things.
