

CHILDREN'S ART FOR CSMP PROGRAMS

Written by Publisher

CHILDREN'S ART FOR CSMP PROGRAMS - "Several months before the CSMP we solicited the Primary children to submit art work that they felt depicted the theme for the year. We took the art work and black lined it so it could be used as the front of our Sacramento meeting programs. Then the month before the presentation we held an activity day that included an activity where the children colored enough programs for the congregation. It added a nice touch to the event.
