

BULLETIN BOARD

Written by Publisher

BULLETIN BOARD - "One of the bulletin boards in our Primary room is based on the Gospel in Action Award. The different goal areas are in large print. Goal ideas are listed for each area. The award pendant was enlarged and placed in the center. When we are talking about something in Primary which could be a goal for one of the areas, we point it out to the children. For example, our Chorister was telling the children they could teach one of the songs we were learning in Primary at home in their own family home evening. A member of the Primary Presidency pointed out that they could set that as a goal for their Gospel in Action to plan and do a family home evening. We plan to leave the bulletin board up for some time, and refer to it frequently."
