

ARTICLES OF FAITH BEADS

Written by Publisher

ARTICLES OF FAITH BEADS - "To help the kids sign off which Articles of faith they have learned, we made numbered beads. We couldn't find them already made, so we just took wooden beads and wrote the number on with a permanent magic marker. After they passed the Article off with their teacher they got the bead to go with their necklace. We tied them with thin rope to make them the style of necklaces the kids are wearing now.
