

MADE COLLAGES DURING SHARING TIME

Written by Publisher

SENIOR PRIMARY CLASSES MADE COLLAGES DURING SHARING TIME TO HELP LEARN AN ARTICLE OF FAITH. - "This activity was completed during two sharing times. I assigned each senior primary class an Article of Faith. Each class was given a poster board and old copies of The Friend. They were instructed to make a collage depicting the Article of Faith. The children and teachers were very creative and came up with some great ideas to help remember the Articles of Faith. Several children were able to pass the A of F off after completing their collage. The next Sunday, the classes presented their collage explaining how the collage helped them remember the A of F. In order to celebrate learning all 13 Articles of Faith, we will be having a swimming party at one of our member's house. "
